

## Statement of Reasons

# Proposed Bus Stop Improvements A38 Alveston Church 2<sup>nd</sup> Consultation

### Background

Concerns have been raised by disabled users regarding the accessibility of the Alveston Church bus stops on the A38. The northbound bus stop was recently upgraded to provide level access as part of the Better Bus 2 project. Funding has since become available to upgrade the southbound bus stop and improve the accessibility of the bus stops through minor crossing improvements outside Alveston Church.

An initial consultation took place between the 4<sup>th</sup> February and 25<sup>th</sup> February 2019. Based on feedback from the initial consultation, the decision was made to propose a second site for the relocated bus stop. The proposed second site is subject to the results of this consultation.

### Purpose of Scheme

To improve accessibility of the Alveston Church bus stops on the A38, especially for disabled users.

### Proposed Scheme

To install bus boarder kerbs at the Alveston Church southbound stop. This will involve moving the bus stop 60m southwest as there is insufficient room at the current bus stop for bus boarder kerbs to be installed.

### Drawing Reference

Outline details of the scheme are shown on drawings:

Alveston Church Southbound: T400-122-035

### Timescale

Subject to the comments received at this consultation, the proposals will be implemented during the 2019/20 financial year.
