I am writing to you as you may be affected by a traffic scheme in your area.

Requests were received by the school in 2017 to review the school keep clear markings. The current markings are correct but unenforceable because there are no signs in place or Traffic Regulation Order (TRO) to give the lines legal backing to be enforced. It is proposed to install two new signs on a single post back to back and promote a TRO to make the lining enforceable. It is proposed that the markings will be in force 24/7.

If you wish to comment on the scheme please respond by **18<sup>th</sup> February 2020** to have your say. To respond to the consultation and have your views taken into account, you must **complete the online questionnaire**.

You can view the drawings and further details about the planned scheme online at [www.southglos.gov.uk/consultation](http://www.southglos.gov.uk/consultation) or by using the QR code below.

If you do not have access to the internet and wish to have a paper copy of all the information and questionnaire to complete, please request a copy by telephone using the contact details overleaf.

If in the meantime you require any further information or clarification, please contact me on the number or email address provided overleaf.
