

Joint Health & Wellbeing Strategy Consultation

The Health and Wellbeing Board is a statutory committee of South Gloucestershire Council set up in 2013 under the Health and Social Care Act 2012. It aims to provide leadership to achieve, for all ages, improvements to the health and wellbeing of the people living and working in South Gloucestershire.

We would like to hear your views on the draft South Gloucestershire Joint Health & Wellbeing Strategy (JHWS) for 2021-25, which guides the strategic direction of the Health & Wellbeing Board.

All responses will be anonymous and confidential.

Our Vision and Objectives

The updated vision of the Joint Health and Wellbeing Strategy, emphasising a focus on reducing inequalities and a place-based approach, which is owned by all members of the Health and Wellbeing Board, is as follows:

"All people in South Gloucestershire have the best start in life, live healthy and happy lives and age well in health-promoting communities. People will feel encouraged and enabled to take responsibility for their own health and wellbeing whilst being supported by accessible and compassionate health and care services that reflect their needs when required. We will take a place-based, system approach and work across South Gloucestershire to recognise and reduce inequalities. This will help us to do the best for our communities and support people to lead their best, healthiest lives. Eliminating inequalities will be everyone's business."
