

Note from the Inspector – 21 June 2013

I have reviewed the representations to the Further Main Modifications to the South Gloucestershire Core Strategy and have also had regard to the contents of the Council's letter of 7th June 2013. This included an update to Appendix A and Appendix B of the Council's Annual Monitoring Report of December 2012 (Examination Library ref: EB5/3) taking into account the conclusions of a study undertaken by BNP Paribas Real Estate. The latter was commissioned to provide an independent assessment of the deliverability of identified housing sites. I am now inviting comments on these latest documents including the Council's covering letter.

These should be sent to the Programme Officer to arrive no later than **5pm on Thursday 25 July**.

Paul Crysell
Inspector
