Dear Liz

South Gloucestershire Core Strategy

I refer to our recent telephone conversation regarding the representations we have made on the South Gloucestershire Core Strategy and the current position that the Proposed Changes to the Core Strategy has resulted in.

I have reviewed the summary document of the representations that we made on the Pre-Submission (Publication) Core Strategy in March 2010 and the Proposed Changes in December 2010.

I am happy to confirm that in my view all of the representations we have made on the Core Strategy have I believe been satisfactorily addressed by: PC34; PC74; PC89; PC252; PC256; and PC265. As such assuming the changes are included in the DPD I consider that the Council and The Coal Authority are in full agreement on the content of the Core Strategy.

I hope that this assists you in clarifying this issue ready for a Statement of Common Ground. I would be happy for you to utilise this letter as such a Statement if it would save you further work. Should you require any assistance please do not hesitate to contact me.

Yours sincerely

R. A. Bust
