

Mr John Severs  
South Gloucestershire Council  
Castle Street  
Thornbury  
Bristol  
BS35 1HF

Dear Sir

**CLIFTON RUGBY CLUB, CRIBBS CAUSEWAY, BRISTOL**

The Trustees of Clifton Rugby Football Club own approximately 18 acres of land at Cribbs Causeway.

We are aware that the land between Cribbs Causeway and the motorway is being promoted for development.

The Club and Trustees are supportive of the proposal to withdraw that land from the greenbelt under South Gloucestershire Council's draft Core Strategy.

We have been in discussion with the prospective developers of the land in question and have determined that it is in our interest to co-operate with them. The purpose of this letter is therefore to support the proposal in principle.

It is the clubs intention to remain in the same part of South Gloucestershire, which we are confident, can be achieved under the proposed draft Core Strategy.

Yours sincerely,

Grant Watson,  
Trustee Clifton RFC
