

South Gloucestershire Core Strategy Examination Action List

Policy CS14A

The hearing session on Matter 30 considered a redrafted Policy CS14 and a new Policy CS14A (Examination Library Ref No: CE13)

Policy CS14A refers to new investment in main town centre uses at Cribbs Causeway coming forward within Area 5 as defined on the Policies Map.

The Schedule of Changes which the Council has compiled does not include a Policies Map change to delineate Area 5.

If the Inspector is minded to recommend a main modification which refers to Area 5 at Cribbs Causeway, then a main modification to the Policies Map will also be required, in which case the Council will define Area 5 and publish this modification along with the other modifications recommended by the Inspector.
