

Surplus Places in Thornbury Schools, 2011 based projections for 2012

The information presented below gives the latest projections for primary school places in Thornbury. This information updates the information shown in the December 2011 Sustainability Appraisal Report (Examination Library ref: PS3) and updates SG21.

The graph below compares the expected number on roll (pupil projections) with the number of unfilled places for the primary phase schools in Thornbury. The trend in the short to medium term indicates a continued surplus which exceeds the capacity of a one form entry primary school (i.e. the number of unfilled places is more than 210 places).

The table below provides a school level breakdown of pupil projections and the proportion of surplus places in each school.

Primary Phase Pupil Number Projections and Surplus Places in Thornbury

Schools in Thornbury – Pupil Projections and Surplus Places
