Subject: Houses on Morton Way Thornbury.

Dear Kath Thorne,

I am writing to express my strong personal view that an additional 300 house in Thornbury, on top of the agreed 500, will have serious implications for the town. It will breach what is regarded as a boundary road; probably lead to problems with flooding; risk development taking place right up to the A38 and grossly overload the present infrastructure of the town.

I have analysed the returns the Town Council has received. Amongst the 200 plus replies not one favoured the development and the individual responses made clear how strongly people felt about the issue.

Yours

Phyllida Parsloe
