Dear Ms Thorne,

I am writing in regard of South glos core strategy which has been four years in planning.

I wish to object to the extra 300 houses which may be built north/east of merton way Thornbury. My family and I have lived in Thornbury for 33 years and consider ourselves very lucky to live in such a nice town. I think if these extra houses are built on top of the 500 houses at Park Farm our town will lose its friendly feel. The roads are already over-crowded and it is very difficult getting out of Butt Lane during rush hour. Also we will lose our view of the fields & trees: once they are concreted over they will be gone forever.

Yours sincerely

(JOHN CRAWLEY)
