Ref Morton Way

Housing proposals

To whom it may concern.

I would like to express my view against the building of houses on Morton Way North for the following reasons.

- ① I think it would stick out like a sore thumb and the infrastructure would be overloaded - like roads car parks doctors surgeries etc. + the road as it is makes a natural boundary.
- ② The lower end of the site is quite steep + would be unsuitable for building on.
- ③ By building more houses, roads etc^{it} would create a faster run off^{of} water

9

which eventually goes into the stream, and then makes its way to the River Severn. In periods of heavy rain this makes the flood situation worse in Kington + Oldbury on Severn - on the roads + in the houses.

Yours sincerely
