31.1.13

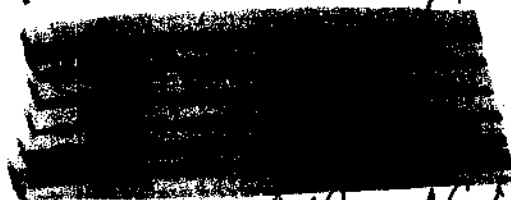

RESPONDENT NO:
6141089

Dear Kath Thorne,

I write as a longtime resident of Thornbury, concerned by the effect that further building could have on the settlement.

I consider that recognition that Morton Way should be regarded as the boundary for development on that side of the town is imperative for Thornbury to retain its countryside aspect. Should development proceed beyond it I fear this could be the precursor to an almost continuous swathe of building infilling the area bounded by the A38, Gravesend Road, Morton Way and Gloucester Road. This would further unbalance an already lopsided settlement.

Yours sincerely,

(Mr N. F. Large)
