I would like to express my concerns over the proposed additional 300 houses being built on Morton way.

i vehemently oppose these additional houses being built after the council took such time and consideration in developing the core plan i do not think it is appropriate to, at the last minute add more houses to those already agreed to be built at Thornbury.

Expansion of houses at the Morton way site would remove the boundary between development and countryside and set a precedent for more houses to be built on this green site.

Thornbury's infrastructure, roads parking and public services will be overloaded if such a significant increase in the number of houses was to be allowed.

I feel the character of Thornbury would negatively affected by the addition of more houses at morton way and I strongly oppose the Plan.
