

RESPONDENT ID - 7911649

To Kath Thorne, Programme Officer, South Gloucestershire Council

Please find below our objections to the proposed housing development at Morton Way, Thornbury

Housing Sprawl - once any housing development is approved beyond Morton Way then development sprawl will continue up to the next natural boundary, the A38 at Falfied. All the farmers and developers are waiting for the first submission to be approved.

Infrastructure Overload - the sprawling housing development will result in an overload on the infrastructure, in and around the area, such as roads, car parks and the various public facilities.

Keith and Sheila Rogers
