Subject: Houses in THornbury

Hi Kath

I would like to register my disapproval for extra houses on Morton Way, Thornbury for the following reasons:

- 1) The Core Strategy has been worked upon to include a huge number of new houses why destroy the Thornbury 'green belt' with 300 more dwellings. This space is loved, cared for and enjoyed by all the residents of Thornbury and the surrounding areas.**
- 2) One development in this area will open the flood gates to expansion and destroy forever the beautiful habitat which currently exists.**
- 3) There is no supporting infrastructure in my belief to support this development.**
- 4) Morton Way should set the example of how and why councils should take into consideration the uniqueness of having a green belt boundary and why is necessary for the quality of life of all the town's residents.**

Yours sincerely,

Pete
