

**Subject:** R J Hill - Proposed Morton Way development.

Dear Kath Thorne,

We object to this to this development. We think will lead on to a very undesirable change in the structure of Thornbury where nearly all housing is within a mile radius of its central High Street and shops.

Morton way acts as a clear boundary to the east and north. Ex tension across it is likely to lead to more and larger developments towards the A38 and damage to the town's pleasant character.

Jock and Joan Hill.
