1st Feb. 2013

Dear Madam,

I think it would be quite the wrong thing to do to build 300 houses on Morton Way. It would spoil the approach to Thornbury and it would look like Filton airfield does now - disgusting. We don't need more houses on top of the 500 to be built already and I'm sure that there are at least 300 empty houses here if this was properly investigated.

Yours sincerely

(ms)
