Dear Inspector,

I am writing to add our concerns to those already raised by residents & councillors about the 300 extra houses proposed for Morton Way.

We are a young family who struggled to afford to move to Thornbury. We very much understand the need for extra housing, especially affordable houses.

However the reasons we were so keen to move here will be ruined by cramming 300 extra houses onto Morton Way on-top of 500 already proposed for Park Farm.

The fields & open spaces around Morton Way give Thornbury one of its greatest appeals and many people have moved here to enjoy a life style that will be jeopardised by these houses.

We realise that every village and town must grow and adapt and we believe that

The 500 houses will ensure that Thornbury
will thrive and still keep it's Country
appeal and community.

We urge you to reconsider the proposed
300 new houses on this site, and
ensure that new housing is equally
distributed through-out the County
on sites that inflict the least
distribution to the communities they affect.

Many Thanks
