7962497

Dear Kate,
I am writing to register my
objection to the building of an extra
300 houses in Thornbury. My objections
would be the same as the enclosed
leaflet.

Yours sincerely

**Thornbury residents and councillors
believe that:**

- People here and all across the district have worked with South Glos to develop the Core Strategy, which includes a huge number of new houses. Why spoil this Plan by cramming in another 300 where they are not wanted? ✓
- A Morton Way site would take more green fields and risk development sprawling out of control. ✓
- Thornbury wishes to retain Morton Way as the boundary to housing development that side of town. ✓
- The character of a market town like Thornbury would be threatened by having too much new development at once. ✓
- Infrastructure like roads, car parks and various public facilities would be overloaded. ✓

ce to preserve Thornbury
