

**Michael Holt – Response received on 28 April**

Dear Sir,

I write as a local ( I live in Hambrook) and as a member of the local group concerning itself with the proposed new housing.

The government has cancelled the top down instructions for S glos to build 28000 houses, I would be interested to know how you can now justify despoiling designated greenbelt land, as previously the top down instructions were used as justification.

Michael Holt
