Table 2 of the Local Green Space Designation Updated Guidance Note (June 2015) [www.southglos.gov.uk/lgsd15](http://www.southglos.gov.uk/lgsd15) provides further details on the criteria and guidance on what sort of information you may wish to submit to justify how the space is of particular local significance and demonstrably special to the community that use it:

6. The proposed space is of particular local significance because of its beauty
7. The proposed space is of particular local significance because of its historic significance

11. The proposed space is of particular local significance because of another reason not covered by criteria 6-10.

The site is publically accessible and is designated by the Parish Council as a site for tranquillity and reflection. The Parish Council have invested in the area by landscaping maintenance and installing a millennium stone in the centre. The area is under special attention within the Parish Council grounds maintenance contract to ensure an area of tranquillity is maintained. Funds were allocated to setting up this area by the Parish Council and other funding.

The area is Parish Council land in front of St Helens Church, a photo of the area can be accessed by the following link on our website. (The community were heavily involved in erecting this and it (obviously) was erected at the millennium. As there was such large community involvement the monetary expense of landscaping was very little (apart from the delivery and erection of the stone (exact amount not available) but residents voluntary time and effort was huge).

The area makes a contribution to the character of St Helens Church by providing an open space for reflection when exiting the church grounds.
