Thank you for your letter inviting comments on nominated Local Green Spaces in particular LGSD082.

The Directors of Marshfield Park Management Company (Downend) Limited offer the following comments.

1. We welcome the designation of our land which is part of the nominated Lincombe Barn Woods as a Local Green Space. This will ensure that there will be no future development permitted within the designated area.
2. We would value sight of the evidence submitted to nominate the site, as to date we have been unable to obtain or access the evidence your letter suggests is available.
3. Will you please clarify if the land fronting Marshfield Park Apartments is included in the designated Local Green Space.
