Dear Madam or Sir,

I am wondering if the small piece of Rangeworthy Common Land lying alongside the Wotton Road close to Pool Farm should be included in the protected green spaces. This land is of historic importance because the old village saw pit lies under the site. Older members of the community remember it. It could easily be overlooked. Already another piece of common land that contained the village pond has been handed over to a resident. I remember Rangeworthy residents bringing their animals to graze there.

yours faithfully,
