Subject: Forty Acres SNCI/Conservation Area

Categories: Green Category

Dear Sir/Madam,

I write to register my complete support for the Conservation Area known as "Forty Acres" situated in the Parish of Stoke Gifford.

It is a unique multi functional nature conservation site in an increasingly urban area which supports species listed by South Glos. as priority species. It provides a wonderful variety of habitats with an associated range of species and ecosystems.

It is regularly used by the community for a large range of beneficial activities - and has been so used by the community for a great many years. I visit the site on a daily basis for its peace, to observe the species it supports and to benefit from the clear air within it. The site sustains the local community. It also protects it from flooding.

It is the most important site in this area and must be preserved and protected at all cost.

Yours faithfully,

[REDACTED]

P.S. This consultation is not widely known about.
