Councillor John Hunt,

In order to be able to proceed with the protection of the green spaces that have been put forward for designation as Local Green Spaces we must have for each space:

- details of the ownership of the land (if at all possible)
- a map of the boundaries
- an explanation of how it meets the criteria for designation and
- specific justification for why it is demonstrably special to the local community

Therefore please first check the List of Nominated Local Green Spaces and maps which can be viewed at: www.southglos.gov.uk/lgsd15 which identifies where further information on any of the above is still needed and then provide us with the additional information where necessary using this form:

PLEASE USE A SEPARATE FORM FOR EACH GREEN SPACE

This is particularly important if this differs from the area proposed for designation e.g. if you own only part of the proposed Local Green Space, see the Mapped, nominated Local Green Spaces: www.southglos.gov.uk/lgsd15

C) Does the space meet the national criteria for designation as a Local Green Space?

Please provide a response to each of the following 5 criteria - where information has not already been provided or is incorrect in the List of nominated Local Green Spaces. (Table 1 of the Local Green Space Designation Updated Guidance Note (June 2015) www.southglos.gov.uk/lgsd15 provides further details of the criteria and guidance on what sort of information you may wish to submit):

1. Is the proposed space subject to a planning permission for development? (See Criteria 1 in the guidance note)

NO

2. Is the proposed space the subject of an allocation, or proposal to allocate, for development in the Local Plan? (See Criteria 2 in the guidance note)

NO

3. Is the proposed space an extensive tract of land and is it local in character? (See Criteria 3 in the guidance note)

4. Is the space within close proximity to the community it serves? (See Criteria 4 in the guidance note)

Certain householders here have registered grazing rights and the whole area is used by residents and visitors of ages. Groups of a younger age are other all the year round regular visitors.

Much of this area formed part of the ancient Siston Warren used for rearing rabbits for meat and fur for the hatting industry with employment and coal also gained from the Siston Hill Colliery on land to the front of Norman Road cottages. Protection of this and other parts of Commons within the Parish of Siston to be identified as a priority theme in the emerging Parish Plan.

Please state which criterion, 6-11, are relevant to the nominated space. Table 2 of the Local Green Space Designation Updated Guidance Note (June 2015) www.southglos.gov.uk/lgsd15 provides further details on the criteria and guidance on what sort of information you may wish to submit to justify how the space is of particular local significance and demonstrably special to the community that use it:

9. The proposed space is of particular local significance because of its tranquillity
10. The proposed space is of particular local significance because of its richness of wildlife
11. The proposed space is of particular local significance because of another reason not covered by criteria 6-10.

Siston Common East was also part of the Saxon Kingswood Forest and Hunting Grounds. This area still provides a very rich corridor for many forms of wildlife and a prepared firm surface route for horse riders. People of all ages love this area and have long made use of it on a daily basis.
