I have been unable to identify the space described as 'Warmley Hill' on LGSD334 Honey Hill Road. If this space does exist, it must form the back gardens of 30, 28a and 28 Honey Hill Road. It is not possible to gain access to this space as suggested on the map. Part of the area bordered in red is actually a lane giving rear access to properties on Holly Hill Road. The red line is shown on the wrong side of the lane as it runs along the rear of 26 Holly Hill Road.
