To loose the green belt status for the above is horrendous!! Hanham is often described as " a small hamlet on the outskirts of Bristol ". We would like it to stay that way!

To build houses on the above would cause massive traffic problems on our very narrow roads!

The Doctors surgery is already almost impossible to get an appointment without an influx after the Hanham hall development!!!! Please don't make it any worse.

The local schools are full to bursting. We simply could not cope with more families moving to this small area.

Mr & Mrs Thomas
