**Subject:** Elm Park, Filton

Hi South Gloucestershire council,

I've heard rumours from people that the council are planning to remove a chunk of Elm Park and replace it with a new road, to ease traffic flow I assume.

If it's true, I want to know what the actual reasons are? But whatever the reason may be, I'm totally AGAINST you lot changing the shape of Elm Park because it's one of the few green spaces by a residential area where I live and the whole field gets used all day round by people of all ages for leisure.

I know councillors and politicians try their best NOT to be liked by the general public but please listen to what I got to say and other complaints.

Thanks,

Aidy
