Funding has been made available to introduce waiting restrictions that will improve short term parking facilities for visitors to the Kingswood Civic Centre.

##### **Purpose of the Scheme**

To provide control and management of the public car park through restriction on parking time by legal means to ensure customers can obtain a parking place when visiting and the area is not misused by other members of the public.

##### **Proposed Scheme**

It is proposed to implement a 3 hour limited waiting restriction in the Kingswood Civic Centre car park, this time limit will also include the disabled spaces to ensure that disabled visitors will have a reasonable chance of finding an available parking space.
